

## WOULD LEGISLATE WOOD OUT OF OFFICE

Army Bill Reported Back With  
Anti-Administration Amend-  
ments Retained.

COMMENT BY STIMSON

Secretary of War Says Pro-  
posed Law Would Bar Capa-  
ble Officers.

WASHINGTON, May 27.—The army appropriation bill was reported back to the senate and house today by the conferees with anti-administration amendments which would legislate Major General Wood out of office as chief of staff and would leave the location of military posts to a commission of retired army officers and two members each of the senate and house committees on military affairs.

The amendments which would shelve General Wood also would prevent either Brigadier General Crozier or Euston from ever attaining the office of chief of staff. No officer who has not spent ten years in the line with troops before becoming a brigadier would be eligible.

**Line and Staff Fight.**  
Many army officers charge that the fight between the line and the staff, which recently resulted in the retirement from the army of Major General Ainsworth, is responsible for the provision.

Lieutenant Generals Young and MacArthur, Major Generals Randall, Lee and Humphrey were the retired army officers on the proposed commission who had reported to congress by January 1 upon the location and distribution of army posts and the proposed abandonment of many recommended by the war department.

The report was not acted on in either house today.  
A sharp conflict over the amendments is expected. Senators Curtis and Smoot blocked immediate action in the senate by insisting on time to study the changes.

**Stimson Talks.**  
Secretary of War Stimson, in a statement on the proposed action by congress, said the provision, supposedly aimed at General Wood, would have rendered ineligible for service as chief of staff every one except four of the nineteen generals who have served as commander in chief of the American army since General Washington.

"It would," he said, "have disqualified General Winfield Scott of the old army. It would also have disqualified Sheridan, McClellan, Meade, Warren, Hancock, Schofield, O. O. Howard, James H. Wilson and Horace Porter, among others of the Union army in the Civil war, and Robert E. Lee, Jackson, Beauregard, Forrest and Wheeler of the Confederates."

A general Grant would have barely escaped its restriction by one year's service and General Sherman by two months. Coming down to modern times, it would have rendered ineligible practically the entire engineer corps—the honor men of West Point. It disqualifies, for example, Colonel Goethals and the assistant engineers in the Panama canal; Crozier, the chief of ordnance, General Funston and many other officers.

**Premium on Routine.**  
"In fact, this order tends to put a premium upon mere routine service and to exclude from the highest post in the army the men whose force, intelligence and opportunities have brought them quickly to the front. It would result in confining the choice for this principal staff position to men who have had the least staff experience."

"It is currently said that the provision is aimed at General Leonard Wood, the present chief of staff. If so this is a pretty high price to pay for personal legislation. What I am concerned with primarily is the effect of such legislation on the service. It would tend to bring the attempt by legislation to affect the status of individual officers for good or ill—has been the basis of the American administration. In the present proposition the evil is exhibited in its most exaggerated form."

"I doubt whether the American people have any great sympathy for an attack on a capable officer who served his country well in the Philippines and who is serving with energy and efficiency as chief of staff."

The conference report left intact the present cavalry bill, which provides for the consolidation of the office establishments of the quartermaster general, commissary general and paymaster general into a "quartermaster" corps. It also eliminated the house proposal that nothing in the bill should be construed to diminish the rank of officers from the army or diminish his rank.

The conference agreed that enlisted men hereafter should not be allowed double time for foreign service in computing retirement credit, but allowed additional 10 per cent increase in pay of officers of foreign service and an additional 20 per cent in pay of enlisted men on foreign service, not including the Panama canal zone.

**SENATE MAY VOTE ON  
METAL BILL TODAY**

WASHINGTON, May 27.—Only a speech of Senator Hayburn of Idaho and conclusion of a speech of Senator Cummins of Iowa tonight stands in the way of a vote on the iron and steel tariff bill in the senate and action is expected tomorrow. To expedite business the senate agreed to convene at 11 o'clock, an hour earlier than usual.

Senator Cummins replied to speeches of Senators Smoot and Oliver.  
From the standpoint of protectionists he contended that the metal schedule is susceptible of material reduction. He charged regular Republican senators with the intention of absconding themselves during the balloting on the bill.

Senator Newlands of Nevada plans to offer an amendment to the bill providing for gradual reduction of tariff duties.

**METHODISTS ABOLISH  
GUILLOTINE METHOD**  
MINNEAPOLIS, Minn., May 27.—Bishops of the Methodist Episcopal church no longer need a guillotine method of retirement by which the general conference votes upon their effectiveness, as the result of the adoption by the quadrennial body of the adoption by the quadrennial body of the retirement of the bishops at that general conference nearest his seventy-third birthday.

## Years of Suffering

Cataract and Blood Disease—  
Doctors Failed to Cure.

Miss Mabel P. Dawkins, 1214 Lafayette St., Fort Wayne, Ind., writes: "For three years I was troubled with cataract and blood disease. I tried several doctors and a dozen different remedies, but none of them did me any good. A friend told me of Hood's Sarsaparilla. I took two bottles of this medicine and was as well and strong as ever. I feel like a different person and recommend Hood's to any one suffering from cataract."

## WARREN LEAVES ALL HIS MONEY TO ELKS

Requests Establishment of  
Charity Fund and Asks That  
Body Be Cremated.

The will of Charles F. Warren of the Santa Fe railroad, who died in Judge Mercy hospital Sunday afternoon, was opened in the cashier's office of the National Copper bank yesterday in the presence of Leon Engstrom, Fred Worsey, R. W. Fiandro and R. V. Pinney. The articles of the will designated the officers of the local lodge of Elks as administrators of the estate and were to the effect that the Elks were to receive all that he possessed. Mr. Warren was not known to have any living relatives and no heirs were mentioned in the will. There is some speculation as to the amount of property and money that Mr. Warren possessed. He is known to have had a bank account and some mining stock. A few years ago he is said to have put about \$15,000 in mining stock. He had been ill a great deal in the last two years, however, and this had cost him much. His possessions are variously estimated at from \$10,000 to \$20,000. According to the terms of the will, this is to be left with the Elks, who are requested to establish a charity fund with it.

Mr. Warren requested in his will that his body be cremated in the nearest crematory and these instructions will be carried out. Funeral services will be held at 3 o'clock Thursday in the Elks temple, after which the body probably will be taken to Denver for cremation. The funeral services will be under the auspices of the local Elks lodge.

**Evidence Against Smith.**  
Toy Smith, a negro convict, was placed on trial yesterday before Judge F. C. Loomis on a charge of assault with a deadly weapon. He is alleged to have assaulted Gus Doras, a fellow prisoner, with a knife. Smith is doing an eighteen-year sentence for assault with intent to commit murder. Evidence was partly adduced yesterday and the case continued until today.

**Porto Rico's New Wonder.**  
From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan of Barcelona, writes: "D. King's New Wonder is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than twenty others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1.00. Trial bottle free. Guaranteed by Schramm-Johnson, Drugs, 5 Stores.

Final Week of Commercial  
Club "Warfare" Opening  
With Good Prospects.

There were more "Blues" than "Reds" at the "army" luncheon of the Commercial club yesterday afternoon; but that fact was explained away with readiness by "Colonel" P. A. Simunkin, who declared that the soldiers of his command were too busy getting recruits to afford time in which to eat.  
And "Colonel" Simunkin had facts behind his assertion, too, because in counting up results yesterday the "Reds" came in with nineteen recruits, while the "Blues" showed up with thirteen.  
These acquisitions brought the total up to 1544, and the "cup" went to the "Reds," pursuant to a recent arrangement whereby award of the trophy shall be made at luncheon each day until the battle is fought out.  
No report was received from the "scouts," for the reason that "General" W. G. Farrell is ill. It is asserted, however, that when P. D. Gray, by order of the commander, something in the nature of a surprise will be "put over" on other detachments of the "army."

The battle will continue until Saturday, when the initiation fee for membership will go to the \$50 mark.

**In Railroad World**

ST. PAUL, May 27.—The directors of the Great Northern railroad this afternoon appointed Carl R. Gray of Portland president of the road and retired Major F. H. King of Portland, Mr. Gray's duties will begin at once.

It is said L. W. Hill ultimately will become chairman of the board of directors and that his father will become chairman of a newly-created executive board.  
Carl Gray, whose appointment as president of the Great Northern railroad was announced today, was until recently president of the Spokane, Portland & Seattle railroad and the Hill line in Oregon. When Mr. Gray left Portland it was understood that he would be made president of the Great Northern.

**Railroad Notes.**  
William H. Bancroft, vice president and general manager of the Oregon Short Line, accompanied by his assistants, E. C. Hanson, F. H. Knecht, Carl Stridley and J. F. Dunn, are in Idaho, escorting A. L. Mohler, president of the Denver & Oregon Short Line, over the lines of the company in Idaho.

The members of the Transportation club will open their new quarters in the evening of the Hotel Utah Saturday evening. There will be a short business meeting, beginning at 8 o'clock, and this will be followed by an informal social.

A special train taking 200 United States soldiers from Fort Logan, Colo., to the Philippines passed through Salt Lake City yesterday. The special came into Salt Lake City over the Denver & Rio Grande and departed over the Western Pacific, after being here half an hour.

A. R. Hill, general agent for the Lehigh Valley, with headquarters in Chicago, was a Salt Lake City visitor yesterday.

About 200 excursionists went to Provo canyon from Salt Lake City Sunday over the Denver & Rio Grande, and returned after being here half an hour.

Twenty-one carloads of new rails were sidetracked by the Denver & Rio Grande yesterday at Mill Creek. These are for use in improving the main line, as it now is and are not for the double track. They will replace old or worn rails between Salt Lake City and Thistle as rapidly as they can be put in place.

**"White Slave" Case Set.**  
The case of the United States against James Murray was set for hearing June 10, in the federal court, yesterday. Murray was indicted by the recent grand jury on a charge of "white slavery," it being alleged that he induced Stella Soule of Salt Lake to go to Denver for immoral purposes last March.

The heavy business at the Orpheum last week bids fair to be eclipsed this week at the popular State street theater, where Willard Mack and the Orpheum players are presenting Justin Huntley McCarthy's romantic drama, "If I Were King." It is generally conceded that Mr. Mack's delineation of the character of Francois Villon, the rollicking ne'er-do-well, is about the best thing he has ever attempted. The management announces that there will be a special Wednesday matinee this week in addition to the regular Thursday and Saturday matinees.

With the thirtieth week of the Empire season coming to a close with today's performance of the current bill, Manager McCoy is out with the announcement that for the coming week, beginning Wednesday afternoon, the Empire will offer eight acts on the programme for the ensuing week. It is said that in this much-discussed drama Miss Ware has a part worthy of those emotional powers which have made her a favorite of the theatergoers.

The sale of seats for Helen Ware's engagement in "The Price" at the Salt Lake theater, beginning Thursday afternoon, opens at the box office this morning. It is said that in this much-discussed drama Miss Ware has a part worthy of those emotional powers which have made her a favorite of the theatergoers.

Seats went on sale this morning for the production of Miss Margaret Whitney's latest musical comedy, "Quaker Folies," which will be given its first presentation at the Garrick Theatre tonight and continue through the balance of the week. Rehearsals have been going on steadily and it is claimed by those interested in the production that it will be the most pretentious and thorough musical comedy production ever attempted by local talent.

Cracked, Would Itch and Burn Until  
It Set Her Crazy. Used Medicines  
Until Discouraged. Used One Box  
Cuticura Ointment and One Cake  
Cuticura Soap and Hand is Well.

R. F. D. 9, St. Joseph, Mo.—"I am fifty years old and have had eczema on my hand from the end of my thumb to my wrist for twenty years. It would come in pimples and then it would crack and the water would come out and form scales. It was very bad. My hand looked just like a sponge, it was all full of holes and would itch and burn until it would set me crazy. I could not put my hands in water but that it would make it worse. I used medicines until I was discouraged. I then tried the Cuticura Soap and Ointment. I used one box of the Cuticura Ointment and one cake of Cuticura Soap and my hand is well. I am writing this hoping it will help some other sufferer as it has helped me." (Signed) Mrs. Louise Hyatt, Nov. 30, 11.

At last a friend recommended Cuticura Soap and Ointment to me. I bought some. After using Cuticura Soap and Ointment the cure was complete in fifteen days."
